

# Connect Access Specialty - Drug List

Through our Connect Access Specialty program, SmithRx assists members in applying copay coupons for certain specialty medications to help reduce costs to members. This can result in a significant decrease in total pharmacy spend.

This document lists the drugs included in the Access Specialty program. (This list is subject to change depending on market availability, costs, and potential new drugs entering the market. Some restrictions may apply based on medication, state, and program. Enrollment in this program does not guarantee a \$0 cost for any or all medications.)

**For more information about this program please see the downloadable resources below.**
